"How much longer until we land my wings are half frozen." Asked Azadeth in a weakened voice as she started to slow down fighting against the the treacherous winds.

"We will land on this island that is coming up soon its called Icestorm Island." Aniu replied also cold and tired.

"So what did you just say Aniu? I still don't know much of dragon tongue yet." Flame Sword yelled over the howling wind.

"I said we will land on this oncoming island it's called Icestorm Island." Aniu yelled back as they turned toward the back end of the island. just incase there are unwelcome people on the island. Or unwelcome dragons. The unknowingly had just walked into a trap of very very nasty but small dragons.

" I smell something Azadeth. There small but but I think they might be Speed Stingers." Azendur said after they landed in a small mountain cove.

"Are you sure Azendur? If so we must tell Aniu." Azadeth replied in a dark voice.

"How about we check it out ourselves and see if there really there." Azendur requested. he continued. "She has been through a lot we should not worry her anymore then we need to." Azendur finished and wait for Azadeth to respond to this.

_"You have a point. Ok we will go check it and if we see anything we come straight back we do not engage. Got it Azendur?" Azadeth said after sometime of silence. _

"I know I got it. Do not engage anything." Azendur said as he took off and began his search.

"Aniu? I am going to go check out this place ok?" Azadeth asked Aniu as she turned her back and began to take off.

"Wait." Aniu said and Azadeth stopped.

"What is it Aniu?" Azadeth asked She turned her head and looked puzzled by the one word Aniu said.

"Be careful be alert be sly." Aniu Said and she got up and walked away.

Azadeth then flew away repeating the words Aniu had just said. 'Be careful Be alert be sly.' What did she mean about be sly why be sly?

"Hmm do you see that cave over there I think we should check it out." Azendur said landing near the cave is mother fallowed.

before they knew it a green blur was seen and then they were frozen.

"Well its seems as if we have unwelcome guest." Said one of the speed stingers. Just then they all split in a perfect line six on each side as one peed stinger walked down the aisle of stringers he had red stripes and longer claws then the others. he stepped up to the two Sand Wraiths and spoke in a dark haunting voice.

"Well Azadeth the Alpha Sand Wraith and her petty son." He hissed out the word with utter discussed. Filled with hatred and darkness in his eyes.

"Why did you trap us we need to get home to our riders." Azadeth said as the paralysis wore off her jaws.

"Riders! huh you mean these two humans what there name huh? Lizzard." he hated the dragons for the fact of them being able to fly for that speed stinger are unable to fly thus has cause much jeolousy in the race of speed stringers.

"You leave them alone! if you harm the Alpha I sware I will end you.
